What type of look are you trying to achieve? (for example: clean & simple, high-tech, fanciful, or elegant)

List any **main** Navigation Links (sections) for your Web Site (for example-Home, About Us, Contact):

Typical sites may include:

A Home page or Opening page, a Company Profile or About Us Page, a Contact Us Page with phone numbers, email addresses, etc., a Privacy Policy (recommended for any site that collects visitor information), Articles and Helpful tips, a Related Links Page, a Site Map (recommended for larger or complicated sites), a Site Terms of Use (recommended for sites with Message Boards)

Special Coding Requests: (i.e., Special Functions, including: PHP Scripts, Shopping Cart, Dynamic Content, Syndicated Content, Site Search, Mailing List, Message Board, Guest Book, Vendor Affiliate Programs, etc.)

WEBSITE LAYOUT:

What would you like the site to achieve for you (please list as much detail as possible)?

List your targeted keywords:

Site Description (for Meta Tags):

Visualization is key to achieving your perfect look--Please list 2 or 3 URLs (web addresses) of web sites that you like the look of (these do not have to be sites who's business is similar to yours. It aids us in determining what your desired design style is.) Consider the layout, colors, navigation, graphics, and font.

Please provide the URLs (web addresses) of 2 sites that you DO NOT like (if possible):

Are there any colors you absolutely **DO NOT** like?

WEBSITE HEADER INFORMATION (will be on every page of the site):

Other than your logo, what would you like included in the header? If your tagline/slogan is keyword rich, it is a good idea to use it in the header as text, instead of an image. Some other common items in a header would be phone number, credit card logos, or photos.
